## विद्यालय एक मन्दिर

विद्यालय मुझे बहुत प्यारा लगता है,  
 अवकाश का दिन मुझे बहुत प्यारा लगता है,  
 दोस्तों की याद मुझे बहुत सजता है,  
 घर पर मम्मी की डाँट मुझे बहुत रुताती है,  
 न टी.वी. चलती है, न बाग ले जाती है,  
 पूरा दिन पढ़ने बिठा देती है।  
 बात न मानने पर मामा को शिकायत लगा देती है।  
 इससे अच्छा विद्यालय जाने पर,  
 कम से कम दोस्तों की याद तो न सताएगी,  
 मम्मी की डाँट तो न रुताएगी,  
 पापा को शिकायत तो न जाएगी,  
 दिनचर्या तो न गड़बड़ाएगी।  
 विद्यालय रोज जाऊँगा  
 अच्छी शिक्षा माँऊँगा  
 कुछ कर के दिखाऊँगा  
 जीवन सफल बनाऊँगा  
 खूब नाम कमाऊँगा  
 माता - पिता की आँखों का सारा बन जाऊँगा।

## बेटियाँ

दिल की दुआ जिंदगी का खाव है,  
 बेटियाँ रिश्तों का सुकमल किताब है।  
 हर परिस्थिति को अनुकूल करने में महारत,  
 हर रिश्तों की ताज हर परिस्थिति में लाजवाब है।  
 बेटियाँ रिश्तों का सुकमल किताब है।

रेगिस्तान सी दिल की बंजर जमीन पर  
 मुस्कुराहटों की सीधे फुहार मीठा आब है।  
 उतार-पठाव तो हिस्सा है जिंदगी का पर  
 बेजार जिंदगी के गुलशन में खिले गुलाब हैं।  
 बेटियाँ रिश्तों का सुकमल किताब है।

बेटियों के जिम्मेदारियों का हाथ क्या बनलसंग  
 दुर्गो की भाँति तो कभी सरस्वती का ताज है।  
 नालुक कंधों पर बड़े-बड़े खादियों की इमारत,  
 माँ का लाड़ तो पापा की उम्मीदों का ताज है।  
 बेटियाँ रिश्तों का सुकमल किताब है।

## मैं छोटी छिन्नक

हमें जो ज्ञान दिलाता है,  
 वो छिन्नक कहलाता है।  
 भीटी भीटी किताबों को देख  
 जब दिल प्यारा है,  
 ऐसा कैसे थाद ये  
 सोच कर ही नींद आती है  
 ऐसे में वो बड़े प्यार से  
 हमें पढ़ा देता है।  
 बही कोई है मुश्किल बात  
 पल में वो लेके उस थाद  
 होशियार हो उस सब बच्चे  
 मुझे धमक में आता है  
 बोल दे, ऐसी बात  
 हँसते गाने ना जौने  
 वो कब सब थाद करवा जाता है  
 ऐसी जादूगारी बस छिन्नक ही आता है  
 इसलिए वो छिन्नक कहलाता है  
 सब से रही उस जोसें हर  
 भूच को आजीवन अपनाता  
 भटक गए तो थाद करना सबक पुराना  
 ऐसे मंत्र छिन्नक है  
 वह छिन्नक कहलाता है।

## जंगल के साथ जंगली व्यवहार की

वन हमारे राष्ट्रीय संपत्ति है। वन में रहनेवाले बहुत पशु, पक्षी वन की शौभा बढ़ाते हैं। वन विदेशियों को भी अपनी ओर आकृष्ट करते हैं। मनुष्य कई वस्तुओं के निष्पन्न वन पर ही निर्भर है।  
 वन का उपयोग मानव कल्याण के निम्न ही हिसाब से होना चाहिए। हमें भी सदा वनों का सदुपयोग करना चाहिए। मनुष्य ने अपने वन-प्रायव आधुनिक विज्ञान की शोभा बढ़ाने में और सही उपयोग में लाकर जान के निष्पन्न सदा कर्षण। वन से बहुत तरह के महायुक्त भास्व पड़ते हैं। वन भूमि के पालन-पोषण में मदद करता है। हवा में प्राण वायु का संकलन वनी में ही होता है। जिससे हमें शुद्ध वायु प्राप्त होती है। प्रायः तो प्रायः हम वनी पर पूरी तरह से आश्रित हैं।  
 आजकल तो हमें विज्ञान ही गई की वन कितनी ही शांत परिस्थितियों का शिकार होकर सदा ही रहा है। वनों के पशुओं को सार वापस में और वृक्षों की काट डालने से हम स्वयं अपने पौधों पर कुल्हाड़ी मार रहे हैं। इसका जो नतिज्य में हमें उच्च प्रकृति से मिलेगा, इसका प्रामाण्य करना बहुत कुशल ही जाइगा। वन प्रदूषण की संख्या तब करने में पूरा योग्य बन जाँ देते हैं। हमें वन में ही शुद्ध हवा प्राप्त होती है और वह हमारे स्वास्थ्यका स्रोत भी पूरा करते हैं।  
 वन को रक्षा करना हमारा कर्तव्य है। हमें वन और उसके पशु-पक्षियों की रक्षा करना चाहिए। कृषकों को बहुत पशु-पक्षी और हवा से रक्षा में मदद है।  
 वनों की रक्षा के निम्न विचारधारा को हम अपनाने की चाहिए।  
 घास की आन्तरीन जाड़ी देखेंगे। वृक्षारोपण पत्र की विशेष ध्यान देंगे। हर वर्ष वन महीसव मनाना चाहिए। वनों का सदुपयोग और रक्षा ही नए हिसाब वनों के साथ जंगली आहार वही ही और क्या है?

# Sustainability

*Sustainability is not just a word but it is a habit that everyone should develop and make it an integral part of our life. Sustainability should exist in everything and anything we do to make the world a better place to live in.*

*It is rightly said that, "Sustainability is meeting the needs of the present without compromising the needs of the future generation in a way that doesn't spoil the sky, the rain or the land." The quote states that we become greedy and demand too much from nature and in return don't even think about the damage that we cause which eventually harms us in the form of floods, droughts and other natural calamities.*

*Sustainability must be practiced by everyone as it helps us to use resources in enough way that leaves plenty for others. It includes our eating habits, shopping preferences and even where we choose to go on vacation. However, with the advent of industrialization and globalization our lifestyles have become more convenient and luxurious, often at a severe cost to the environment.*

*Sustainability can be achieved by practicing the principles of reducing, reusing and recycling and, by planting more trees to maintain ecological balance.*

*Since a healthy lifestyle demands a clean environment, the importance of sustainability cannot be ignored. Thus, for preserving nature's goodness for generations to come, schools can play a key role in imparting this learning in the youth of our future generations.*

## Sustainability - Earth's Green Promise

*Sustainability is all about taking care of our planet,  
Making choices that are eco friendly and vibrant.*

*From recycling to saving energy,  
We can make a difference you and me.*

*So let's join hands and take a stand for a future truly grand.  
Sustainability is the key for a world we all can be free!*

# Sharing Is Caring

Once there was a man named Harry. He never shared anything with anyone. One day, when he was walking through a street he saw a saint.

When the saint was offered food, he gave it to the birds and the animals and then distributed the rest among the people sitting with him.

At last, there was nothing left for him. Harry got impatient and went to the saint and asked him, "You distributed whatever you had, now there is nothing left for you?". The saint replied that I got a treasure of gratitude and joy from all the living beings around and that was the best return I could get from being in this universe. Harry understood the value of sharing and decided to share whatever he had with others.

## What Is Life

Life is a beauty, worship it.

Life is a struggle, fight it at the end.

Life is a warning, face it.

Life is a trouble, conquer it.

Life is a game, play it with cleverness.

Life is a worship, do it.

Life is a journey, complete it.

Life is an occasion, don't lose it.

Life is a puzzle, solve it.

Life is a loan, clear it.

Life is a testing instrument, try to achieve it

That is the solution for life.

# THE MYSTICAL ISLAND

Once upon a time, there lived a pirate named Robert William. He was fierce and brave. He and his crew used to loot British ships and raid Turkish villages. One day, they decided to go through Mediterranean sea and raid wealthy village in France. When the ship the Mediterranean sea, they were caught in a wild storm. The storm was so strong that the ship could not sail further and wrecked and many crew members lost their lives in the sea.

Luckily, some survivors managed to reach an island. There were only four survivors including Robert, a Frenchman named Louis, Shane and Jill. Though they survived and reached the island safely as the ship has already sunk into the sea, they were left with very less food and water which could not even last for two days. Sp, they decided to work together and try their best to survive. They started handling different tasks as each day passed by. In the meantime, many ships used to go through that route, mostly carrying British, Spanish and French Flags. They tried to get the ships attention to rescue them, but none could hear or see them. Two weeks passed by while exploring the island.

One afternoon, Robert found a little blue creature that looked like a half tiger and half fish. Robert found it very interesting and he realized that it had a good sense of smell so he decided to bring it back with him as it could be useful for hunting. Everyone was amazed and shocked by what Robert had brought. They said they should explore more of the island and find more creatures like this. They gathered and went in different directions to explore. They carried weapons for their safety. They found may creatures like giant insects and giant white tigers, but they also encountered a very dangerous creature; a giant crab.

It attacked them and reach Frenchman's leg. Fortunately, Robert had a spear in his had and he threw the spear at the crab, piercing its stomach. With the help of the blue creature, they managed to remove the crab as it tightly grabbed Louis's leg. However, Louis died because the crab was poisonous. So, they held a small funeral for the Frenchman.

Slowly and gradually, they became more accustomed to the island and started to feel like home. Luckily, another pirate ship happened to pass by and noticed Robert. They came to their call and rescued them. They returned to their villages. This story became a folk tale and the blue creature has become the legend of this island.

## **WHAT IS SUSTAINABILITY?**

*Planet Earth is our home,  
Which has a very suitable biome;  
With animals, air and water,  
That make our survival easier;*

*But we harm our planet Earth,  
By dumping garbage, and making the  
land filthy;  
Polluting air and water,  
And making them murkier;*

*So, we humans have found a way,  
To clean oceans, rivers and bays;  
To make the air clean,  
And make the land green;*

*The way is sustainability,  
Which increases the quantity;  
Of air and water,  
Making our survival easier;  
And our resources are conserved,  
As well as preserved!*

## Thank You

Dear Principal

I always come back with a healthy dose of positive energy when I visit our school! This week it was for the PTA EC meeting. I am continuously impressed with your expert leadership skills and the excellence and dignity with which you take decisions. Congratulations on a school year very well conducted and many goals achieved!

I was overwhelmed by the sheer magnitude and variety that comprised our school's Exhibition Fest 2022. I congratulate you and all the teachers and staff members of USOEAA who put in dedicated effort to make it a resounding success!

At the very least, the teachers and students have put in two months of work, while the coordinators must have been planning it a few months in advance. Events like these give children the golden opportunity to work well in teams. Even if there are arguments, they are learning how to contribute towards making their team win, besides expressing individual talents.

I personally loved the dress code of the teachers on Exhibition Fest day. They looked young and as energetic as the children!
